“The Magic Touch for Your Classroom”

Classroom Management: A Hands-on Approach

January 22 and February 5 (Metro area)

ESP: Management for locations outside the classroom

For bus drivers, custodians, food service employees, office staff, and paraprofessionals. Learn how to manage student behavior in non-classroom areas. This session focuses on enhancing the structure of the educational support professional's work environment to be a place in which students are cooperative, well behaved and where ESPs are supported as valuable members of the whole school staff.

Living Wage

Put respect back into wages! This workshop explains what a living wage campaign is and how to implement it. Participants will get practical tips on how to improve wages, benefits, and working conditions for the members in their association.
